THE GOD WHO GIVES ETERNAL LIFE

A longing to be satisfied and feel fulfilled. She found something eternal in her Saviour.

Jesus was tired from his long walk. He sat by the well, when a Samaritan woman arrived. Jesus asked her for some water and she was shocked because she knew descendants of Abraham did not like Samaritans. Jesus explained to her that while the well's water quenches physical thirst for a while, he could offer living water, such that when you drink, you are never thirsty again and it leads to eternal life. Interested, the woman asked for this water.

Jesus then revealed details of her life — she had five ex-husbands and the man she lived with wasn't her husband. Shocked by the accuracy of Jesus' words,

she realised he must be from God and shared that she was waiting for the promised Saviour to come one day. Jesus then said, "I Am the Promised Saviour."

The woman ran back to her village, telling everyone, **"Come and see a man who told me everything I ever did!** Could he possibly be the promised Saviour?"

Many of those who met Jesus believed, not just because of what the woman said but "because we have heard him ourselves and now we know that he is indeed the Saviour of the world."

What is your deepest need? What are you yearning for, that nothing seems to consistently satisfy? Jesus invites you to experience the love of God that will forever satisfy your soul.
